## EXPERIENCE

### **Morries Colorado-Recon Center, Golden Valley, MN** *Photographer*

December 2018 - Present

Multi-faceted role in photography, quality control, and inventory. Instrumental in developing a streamlined process for the photographing of cars for eight Morries dealerships; consistency, quality, and a quick turnaround are at the core of the process.

### **Morries Minnetonka Subaru, Minnetonka, MN** *Photographer*

May 2018 - December 2018

Self-motivated steward of the dealership's inventory, including new and used vehicles. Accomplished what couldn't be done in the last two years, by reducing the percentage of unphotographed cars to less than 10%.

### **Omni-Fusion Media Production, Hopkins, MN** *Intern*

February 2017 - August 2017

Organized intern who interacted daily with clients and learned the business side of a media company. Exercised attentiveness, professionalism, and dependability during my tenure there.

### **Pinewski's Ski and Boardshop, Anoka, MN** *Team Manager/Filmer/Photographer/Sponsored Skier*

November 2015 - Present

Dedicated company representative including public relations and product promotion. Focus on managing sponsored riders, creating content and growing the ski community.

### **Speedpro Imaging Saint Paul, St. Paul, MN** *Production Technician*

August 2015 - May 2018

Skilled craftsman who mastered all aspects of production, including printing, cutting, shaping, trimming, stitching, and photo editing. Maintained a high level of detail throughout the diverse portfolio of products offered.

## NOTABLE PROJECTS

### **Trollhaugen's HUMAN BEING series**

Paid to create three seasons of high quality ski videos. The HUMAN BEING series showcases amazing skiers attracted to Trollhaugen's facilities and has grabbed the attention of a large portion of the ski industry.

### **ON3P Ski Co. USA**

Hand-picked nationwide to represent one of the most important freestyle skiing brands. Managed team riders, and the production of both photo and video projects.

### **Local-News-App**

Collaborated with a team of talented developers to create a web application that pulls news from the surrounding area of the users location. Organized workflow and executed on planned roles.

### **Weather Dashboard**

Created a simple web application that allows the user to search by city to find current and 5 day weather forecasts.

**County Market, North Branch, MN**  
**Department Associate/Cashier**

October 2011 - May 2015

Broad experience that developed a full understanding of multiple departments. Achieved success through a strong work ethic, effective communication, dependability and personable customer interaction.

**Art's Christmas Tree Farm, Stacy, MN**  
**Farm Hand**

July 2004 - August 2014

Educated in a wide range of procedures and approaches to farming, carpentry, snow removal, and landscaping. Improved efficiency and effectiveness of various processes across the farm.

**EDUCATION**

**U of M Coding Bootcamp - Full-Stack Web Development,**  
**Saint Paul, MN — *Certificate of Completion***

May 2020 - September 2020

**Minneapolis Community and Technical College,**  
**Minneapolis, MN — *Photography and Digital Imaging Degree***  
**A.A.S.**

August 2015 - May 2017

**Anoka Ramsey Community College, Cambridge, MN —**  
***Associate's in Arts***

August 2013 - May 2015

**Work-Day-Scheduler**

Made a web application that helps users stay organized and on task throughout the day by highlighting written tasks each hour. Worked with Javascript and Moment.JS to implement time based features.
