HOBBIES

PROJECT EXPERIENCE

FRONT-END WEB DEVELOPER

2020 to present | Spark Forums
– Minneapolis, MN

Key contributor to front-end UI/UX, React's Context, CSS, Heroku deployment and a myriad of solutions to complex problems.

- Led development of dynamic user posts appearing correctly on the dashboard
- Created, deployed and managed MongoDB Atlas database
- Worked with the team to implement a secure login system using Auth0; with an emphasis on user security and privacy.
- Deployed and maintained app on Heroku throughout development

BACK-END WEB DEVELOPER

2020 to present | Songwriter's Lament
– Minneapolis, MN

Collaborated in a team-focused environment providing a notetaking tool for songwriters everywhere using MySQL DB

- Helped build a secure login system using Passport JS, Bcrypt and MySQL DB
- Created Express server and routing using the MVC paradigm and Express Node package
- Designed and implemented MySQL database for the creation, viewing, editing and deletion of user input data
